Subject: Public Records Request

To:   

I have the information ready for your public records request. As the mail has already gone today and our offices are closed tomorrow for a four-day work week, I will be happy to send it out to you on Monday.

You will receive paper copies of the contracts between the school district and lobbyists as we only maintain these records in this format. You will receive the records for the financial information and the e-mails on CDs.

Our school district has not sponsored, funded, or otherwise underwritten any legislative receptions. Likewise, no gifts have been given or presented to legislators and/or executive officials.

If you have any questions, please don't hesitate to call me at 407-870-4007.

Thanks!
